

HP Designjet T610 Printer series

Print your CAD and GIS files in-house with this personal HP Designjet. Original HP Vivera inks enable high-quality, professional output at fast speeds. And you can print with confidence knowing you're getting a reliable printer from a company you can trust.

Impressive accuracy and detail

Professional projects with neutral gray, true black and impressive colors.

- **Achieve exacting detail and precise, accurate line quality.** The HP Three-Black Ink set—including a gray HP Vivera ink—accentuates the detail in your prints. Get improved line accuracy to 0.1%¹ and 0.0423 mm minimum line width, plus excellent horizontal-to-vertical line-width difference.
- **Present your professional best.** HP Vivera inks produce a wide range of colors, from vivid color to soft tones. With the matte black, photo black and gray HP Vivera inks in the Three-Black Ink set, you'll create more accurate color and true neutral grays even on glossy media. You'll achieve outstanding image quality—including difficult tones like polished-chrome—so your prints have smooth area fills, more depth and more subtle contrasts.

Rest assured

Choose a printer you can count on to deliver results.

- **Keep the color you want from screen to print.** Get the colors you expect on the first print with screen-to-print matching through HP Professional Color Technologies, including enhanced sRGB and Adobe® RGB printing and closed loop color calibration.
- **Connect easily.** Embedded HP-GL/2 supports most CAD and office applications on a wide range of operating systems. HP printer drivers are specially optimized for AutoCAD, providing Windows® ease of use with the performance of HDI. Plus, Macintosh® drivers are standard with every model. Print with confidence, knowing that this HP Designjet supports the next generation of mainstream applications and formats.

Save time

Complete projects quickly and boost personal productivity.

- **Print CAD and GIS projects quickly.** Print a D-size page as fast as 35 seconds.³ This Designjet's printing system achieves high-speed printing without sacrificing accurate, precise print quality. HP's innovative, Scalable Printing Technology is designed for accurate placement of smaller drops at high speed for consistent results even at fast print speeds.
- **Handle prints right off the printer.** Last-minute changes and real-time revisions are no problem. HP Vivera inks achieve excellent dry times and smudge-resistance on a range of HP media, enabling fast print speeds and producing prints that can be handled right out of the printer.
- **HP Intelligent Supplies.** Take advantage of time-saving features enabled by intelligence built into Original HP printing supplies. You'll find a host of features that save time and minimize interruptions, including continuous adjustments to optimize print quality and reliability for trouble-free printing, and continuous adjustments that maximize printhead life.

¹ +0.1 percent of the specified vector length or +0.1 mm (whichever greater) at 23°C (73°F), 50-60 percent relative humidity, on E/AO printing material in best or normal mode with HP Matte Film.

² This printer can emulate HP Designjet 500 Plus, HP Designjet 800 and HP Designjet 1000 printers.

³ Mechanical printing time on plain media in fast mode with Economode on.

HP Designjet T610 Printer series

1. Roll feed accommodates media rolls up to 300 ft
2. HP Vivera ink supplies up to 130 ml
3. Four long-life printheads featuring HP Scalable Printing Technology
4. Easy-to-reach, intuitive front panel
5. Media stand and bin collect drawings as they print
6. USB connection ensures easy system integration
7. EIO slot accommodates an array of HP JetDirect options

Printer series at a glance

HP Designjet T610 Printer

- Choice of 24- and 44-inch models
- Drivers for Windows® and Macintosh®
- 128 MB RAM

Options

- Additional spindles for easy media swapping
- Installation service
- Warranty extensions or upgrades
- HP JetDirect network solutions

HP 72 Printheads

Built with HP Scalable Printing Technology

HP Scalable Printing Technology uses a unique printhead construction that yields faster speeds so you're more productive. Plus, accurate drop placement makes your work look its best, and longer printhead life saves you time and money.

HP 72 Vivera inks

Tested to ensure results

Superior HP engineering isn't just for hardware. Original HP Vivera inks are formulated through a process of rigorous testing. Ink chemists typically design up to 1,000 prototype ink formulations, and all HP inks are subjected to more than 20 tests for purity to prevent problems that degrade image quality. You can be confident that with HP 72 Vivera inks you'll get consistently crisp, clear, accurate lines and vivid color—even true neutral grays—in fast-drying, smudge-resistant prints.

HP media

Matched to your job

Print lots of drafts just for review? Choose a jumbo roll of HP Bright White Inkjet Bond Paper. Need to print a really dense map that will be handled often? Try HP Super Heavyweight Plus Matte Paper. Want to make a good impression at your next presentation? HP Self-Adhesive Gloss Polypropylene is just what you need for your project boards. Choose from more than 20 Original HP substrates, all designed together with Original HP Vivera inks to bring professional results to your projects, day after day.

HP Services

Here to help

Want to ensure your printer is always available and productive? Check out HP Care Pack Services for installation and multi-year on-site services. Experts are available with technical phone, web and on-site services to make sure you get the most efficient use of your printer. Competitively priced, flexible packages let you select service levels, hours of coverage and response times that meet your needs.

HP Designjet T610 Printer series

Technical specifications

Print speed⁵ Line drawings ⁶	Fast: 35 sec/page on D/A1, 70 D/A1 prints per hour (Economode on), 52 D/A1 prints per hour (Economode off)
Color images	Fast: 445 f ⁷ /hr (41 m 2/hr) ⁷ Best: 30 f ⁷ /hr (2.8 m 2/hr) ⁸
Print resolution maximum	2400 x 1200 optimized dpi
Memory	128 MB standard memory
Media Handling	Roll feed, sheet feed
Types	Bond and coated paper (bond, coated, heavyweight coated, super heavyweight coated, super heavyweight plus matte, colored), photographic paper (satin, gloss, semi-gloss, matte, high-gloss), technical paper (natural tracing, translucent bond, vellum), film (clear, matte, polyester), backlit, self-adhesive (two-view cling, indoor paper, polypropylene, vinyl)
Weight	60 to 328 g/m ²
Size	24-inch models: 8.5 to 24-inch wide sheets, 11 to 24-inch rolls 44-inch models: 8.5 to 44-inch wide sheets, 11 to 44-inch rolls
Thickness	Up to 31.5 mil
Maximum roll length	300 ft/91 m
Printing	
Margins	Roll: 0.2 x 0.2 x 0.2 x 0.2 in./5 x 5 x 5 mm (borderless on photo papers) Sheet: 0.2 x 0.67 x 0.2 x 0.2 in./5 x 16.75 x 5 x 5 mm
Technology	HP Thermal Inkjet
Ink cartridge colors	Cyan, gray, magenta, matte black, photo black, yellow
Ink types	HP Vivera inks
Ink drop	6 pl (cyan, magenta, photo black, gray), 9 pl (yellow, matte black)
Ink cartridge size	69 ml (photo black, cyan, magenta, yellow, gray) 130 ml (matte black, photo black, cyan, magenta, yellow, gray)
Nozzles	1056
Minimum line width	0.002 in./0.0423 mm
Line accuracy	+/- 0.1% ⁹
Maximum print length	300 ft/91 m (OS and application dependent)
Connectivity	
Interfaces (standard)	One Hi-Speed USB 2.0 certified port, one EIO JetDirect accessory slot
Interfaces (optional)	HP JetDirect print servers
Print languages (standard)	HP-GL2/RTL, CALS/G4, HP PCL3GUI
Drivers (included)	HP-GL/2, HP-RTL Windows drivers; Optimized Windows driver for AutoCAD 2000 and higher; support for Citrix Metaframe environments; HP PCL3GUI driver for Mac OS X
Environmental ranges	
Operating temperature	41 to 104°F/5 to 40°C
Recommended operating temperature	59 to 95°F/15 to 35°C (depending on paper type)
Storage temperature	-13 to 131°F/-25 to 55°C
Operating humidity	20 to 80% RH
Acoustic	
Sound pressure, active	44 dB(A)
Sound power, active	6.5 B(A)
Sound pressure, standby	29 dB(A)
Sound power, standby	4.4 B(A)
Power consumption	
Maximum	200 watts
Off	0.1 watts
Powersave	27 watts
Power requirements	Input voltage (autoranging): 100 to 240 VAC (+/- 10%), 50/60 Hz (+/- 3 Hz), 2 Amp max ENERGY STAR [®] qualified models; see: http://www.hp.com/go/energystar
Certification	
Safety	United States and Canada (CSA certified), EU (LVD and EN60950-1 compliant), Russia (GOST), Singapore (PSB), China (CCC), Argentina (IRAM), Mexico (NYCE)
Electromagnetic	Compliance for Class B products: EU (EMC Directive), United States (FCC Rules), Canada (DoC), Australia (ACA), New Zealand (MoC), China (CCC), Japan (VCCI); Certified as Class A product: Korea (MIC), Taiwan (BSMI)
Warranty	One-year, next-business-day, on-site warranty
Service and support	
Care packs	H4518E HP Onsite Network Installation UG750E HP 3-Year Next Business Day Hardware Support UG876PE HP 1-Year Post-Warranty Next Business Day Hardware Support
